Conference Presentations/Publications:

Hendrix, J.L. (2017). *A Longitudinal Study Investigating the Effects of Baumrind's Parenting Styles on Deviant, Delinquent, and Criminal Behavior*. Published Manuscript.

Hendrix, J.L. & Mckelphin Moore, T. 2016. Impulse Control and Male Trauma. Our presentation covered conduct disorder (CD) and operational defiant disorder (ODD) as they relate to male trauma survivors. We will start with an introduction defining both disorders and how it relates to trauma survivors specifically. The prevalence and comorbidity of the disorders will be discussed in regard to male trauma victims. Assessment of ODD and CD, recovery and recidivism rates and interventions will be determined and discussed. Lastly, biopsychosocial risk factors will be expressed as well as resilience influences. The presentation will conclude in a critical perspective discussion, SCRIPT (Summit on Community, Resilience, Intervention, Prevention and Training, Los Angeles, CA).
